Emotionally Intelligent Leadership

A Guide for College Students

Marcy Levy Shankman & Scott J. Allen

"Finally a book delivers a tailored approach to developing leadership potential. Meeting student potential where it is at, providing them with the necessary tools they need, and taking them where they need to go—a win win read." **—David Rae**, Project Manager, University of Oregon Leadership Summit

Emotionally Intelligent Leadership is a groundbreaking book that combines the concepts of emotional intelligence and leadership in one model—emotionally intelligent leadership (EIL). This important resource offers students a practical guide for developing their EIL capacities and emphasizes that leadership is a learnable skill that is based on developing healthy and effective relationships. Step by step, the authors outline the EIL model (consciousness of context, consciousness of self, and consciousness of others) and explore the twenty-one capacities that define the emotionally intelligent leader. Leadership, the authors explain, is within everyone's ability to develop and is not just for those in official roles in formal organizations.

Marcy Levy Shankman is a professional consultant and founder of MLS Consulting and a Presidential Fellow at Case Western Reserve University.

Scott J. Allen is a visiting assistant professor at John Carroll University. He served as a Presidential Fellow at Case Western Reserve University, and is founder of the Center for Leader Development (www.centerforleaderdevelopment.com).
